DEMOCRATIC NATIONAL CONVENTION IS OPEN

Called to Order by Chairman Taggart and Key Note Delivered by Bell

NEW JERSEY SOLID FOR GRAY

Convention Then Adjourned as a Tribute to the Memory of Grover Cleveland

SPECIAL TO THE DISPATCH.

Denver, July 7.—In the presence of a crowd that packed Denver's immense new auditorium the Democratic convention was called to order by National Chairman Taggart shortly after noon today. Following the reading of the call and prayer by Bishop Keane, of Wyoming, Temporary Chairman Bell delivered the key note speech. The standing committees were then announced and resolutions were adopted expressing condolence on the death of former President Grover Cleveland. As a further mark of respect the convention immediately adjourned. The New Jersey delegation in caucus today decided to vote as a unit for Gray for president.

Denver, July 7.—The wave of Bryan sentiment among the delegates to the Democratic national convention has increased to apparently overwhelming and irresistible proportions, and the nomination of the Nebraskan seems now assured beyond any reasonable doubt, unless some unlooked for reversal of present conditions occurs.

All efforts to unite on a vice presidential candidate have proved futile, and the convention will begin its deliberations with the contest for second place wide open.

A majority of the Pennsylvania delegation in caucus named Colonel James M. Guffey as national committeeman in open defiance of Mr. Bryan's demand for his displacement and on the heels of Guffey's stinging public arraignment of Bryan as a "hypocrite, ingrate and falsifier." A minority of the Pennsylvania delegation held a rump caucus, which sought to depose Guffey from leadership and install James Kerr, a Bryan man, as Pennsylvania's leader.

The New York delegation appointed a committee of ten to draft a platform and named Judge Alton B. Parker, the Democratic standard-bearer of 1904, as the New York representative on the platform committee.

The New York caucus was silent on the presidential and vice presidential situation and New York still fails to show her colors.

The Democratic national committee held its first meeting to consider contests, which resulted in the dismissal of Senator McCarren's New York contests and the seating of Roger Sullivan's Illinois delegates.

Features of Eventful Day.

The foregoing are only the main features of an eventful day—a day marked by the culmination of that noisy demonstration which ushers in a national convention, with delegations and their hosts of followers pouring into town, with bands and marching clubs vying in turbulent demonstration, and with streets and hotel lobbies filled with surging crowds. Amid all this confusion the men of action have worked unceasingly. Most of the states effected their organization, electing members of the committees. Aside from the many private conferences over candidates and platform, the day was one of preparation and business detail for the coming assemblage.

The recent arrivals have practically completed the roster of state delegations and have given something of an idea of the aggregate strength commanded by the Bryan adherents. There has been one continuous swelling of the Bryan contingent, with only scattering accessions for other candidates. This has become so apparent that the nomination of Mr. Bryan seems assured, not only by the required two-thirds vote of the convention, but by practically a unanimous vote, except that of Minnesota and Delaware, whose representatives still insist they will be steadfast to the end to their favorite sons, and scattering anti-Bryan votes from Georgia, New York, Pennsylvania, Maine and several other localities—a scattered opposition dwarfed by the magnitude of Mr. Bryan's total.

Looked to New York in Vain.

While this steady tide of Bryan strength has been setting in, the allied opposition have been looking in-

ently but vainly toward New York. For it has been recognized that Chief Murphy, the political genius of the delegation, holds a key which might unlock a movement of genuine force against the Nebraskan. With New York taking the lead and throwing its seventy-eight votes against him, Guffey and his Pennsylvania cohorts would have followed suit; Georgia was wavering and likely to turn a block of Southern strength away from Bryan and this with the organized strength of Johnson and Gray, might have given vitality to the allied opposition. But all these reckonings have come to naught because of New York's persistent silence. Mr. Murphy is neither for Bryan nor against him, and with his leaderless, aimless position, the allied opposition has crumbled to pieces. If Murphy had waited for someone else to take the lead, as is generally believed, he will have the satisfaction of going back to New York with the declaration that it would have been lacking in political sagacity for New York to act against Bryan until the aggregate strength of the opposition was demonstrated to be sufficient to defeat him.

For the first time the allied opposition disclosed figures showing what might have happened had New York announced at the outset that its seventy-eight votes would be swung against Bryan. According to this table a total of 349 votes, or considerably more than the necessary number to block a Bryan nomination, would have swung into line with New York; the claim in detail being as follows:

Alabama 1, Florida 7, Georgia 26, Louisiana 18, West Virginia 14, North Carolina 24, Connecticut 12, Delaware

6, Maine 11, Massachusetts 12, New Hampshire 4, New Jersey 24, New York 78, Pennsylvania 48, Rhode Island 4, Vermont 8, Minnesota 22, Ohio 12, Wisconsin 6, Alaska 6, Porto Rico 6.

The total vote of the convention is 1,002, the one-third necessary to prevent a nomination being 334, whereas the allied opposition claimed fifteen in excess of this requirement, had New York furnished the rallying point. A meeting was held of the various anti-Bryan elements during which the situation was fully canvassed and a practical agreement reached that it was futile to continue the fight in view of New York's inaction.

The heated contest in the Pennsylvania delegation raged around Mr. Guffey, but his victory, his enemies claim, is less significant than might appear. The hopes of the Bryan men are centered on the nine contesting delegates from Pennsylvania. As these contestants are Bryan men, they are practically assured of being seated by the Bryan committee on credentials, and once seated, Mr. Guffey's victory may be succeeded by Mr. Bryan's final triumph, according to the calculations of the Bryan men. Against this, however, Guffey secured the signatures of forty Pennsylvania delegates whose seats are uncontested and who have an undisputed majority of the 88 Pennsylvania votes regardless of contest.

Disposes of Contests.

Denver, July 7.—In record time the Democratic national committee disposed of all contests before it with the exception of those of two states—Pennsylvania and Idaho—which went over. The general result was to sustain the delegates who came here with credentials from their state and district conventions.

STORM IN NEBRASKA.

Causes the Loss of at least Five Lives.

Lincoln, Neb., July 7.—Lincoln experienced what was probably the worst flood in its history, causing the known loss of five lives and probably two others, minor injuries to several, a property loss which cannot yet be estimated, an almost total suspension of railroad traffic to and from the city and misery to hundreds of families who have been driven from their homes and are sheltered in public buildings and private residences. The known dead are:

John Nelson, drowned while trying to rescue stock; three children of Henry Amed, fell from a boat after being rescued from their home; Mrs. Schuester, who died from fright and exposure after being taken from her flooded home.

A young man named Gillard Nicolas was caught in the flood and climbed a telephone pole and persons say they saw him, after clinging for hours, fall into the water. No trace of him has since been found. The flood followed the greatest downpour of rain known here for many years. The Lincoln gas and electric light plant is flooded. The flood now is subsiding.

ONE DIFFICULT PLANK

And That Relates to Injunctions in Labor Troubles.

HIS POSITION IS NOT RIGID

Mr. Bryan Realizes That Issuance of an Injunction Without Notice to Those Enjoined Might Be Necessary to Save Life or Property.

Denver, July 7.—Evidences are multiplying that practically the only difficult plank to prepare for the Democratic platform will be that relating to the use of injunctions in industrial disputes. Mr. Bryan has let it be known through a number of reliable sources that his position on this plank is not rigid. Perhaps the most important conference with reference to the injunction plank was that held at Fairview, Mr. Bryan's home, during the dinner given by the Nebraskan to a number of prominent Democrats on July 4. At this dinner Mr. Bryan stated clearly that he realized that there might arise situations where the issuance of an injunction without notice to those enjoined would be the only remedy against loss of life or irreparable damage to property. To meet such cases, Mr. Bryan further indicated that if the resolutions committee could draw a plank which would provide for such emergencies, with the safeguard that this class of injunctions should be self-dissolving after a period of three or five days, the plank would meet his approval.

Work on the platform continues through the medium of an informal sub-committee consisting of Governor Haskell, who is to be chairman of the resolutions committee, and a number of prominent members of the party who will have places on that committee. The product of this work will be laid before a large sub-committee of the resolutions committee when the latter is officially appointed by the convention. The plan contemplates telephoning each plank to Mr. Bryan at Lincoln as soon as it is agreed upon by the sub-committee.

After Approval of Bryan.

Thus it will be possible for the sub-committee to present to the full resolutions committee a perfected platform which already has received the stamp of approval of the prospective candidate. So far there has developed no intimation of hostility to Mr. Bryan's wishes with reference to the platform. One of these wishes is understood to be that the platform be the product of the resolutions committee, guided, of course, in its drafting, by frequent conferences with Fairview.

Planks of many varieties were submitted to Governor Haskell and by him to his conferring colleagues. One of these was an irrigation plank, submitted by Judge King of Utah, which pledges the party to conservation of the irrigable lands of the West for persons desiring to make permanent homes as against allowing this territory to become property of corporations.

The tariff plank came in for considerable discussion, with the result that this language was put forward tentatively as embodying the position the party should take:

"The Democratic party believes in tariff for revenue only, but inasmuch as the expenses of the government are great, and we are depending largely upon imports for the revenues for running the government, which means the imposition of a tariff, we favor the laying of the tariff duties in such a manner that there shall be no discrimination in behalf of any section of the country of any industry."

Railroad Rate Plank.

Judge Powers of Utah has transmitted to the tentative resolutions committee a plank he has received and approves, from Samuel Newhouse, prominently known in railroad and mining financial circles. Mr. Newhouse wired Judge Powers that the plank was written after careful canvass of the financial classes in New York. It recites the necessity of maintaining and even increasing in some instances existing railroad rates and tariffs, recognizing the rightfulness of government regulation.

Mayor F. W. Brown of Lincoln, who is to be the Nebraska representative on the committee on resolutions, arrived with Mr. Bryan's suggestions concerning a number of planks of the platform in his pocket. Mr. Brown said that it had not been Mr. Bryan's intention to prepare a complete platform but that it was his wish that the committee itself should perform this duty. He declined to say what subjects were covered by the Bryan draft, but it is understood through other channels that Mr. Bryan's memorandum deals especially with the subject of the regulation of the issuance of writs of injunction by the federal courts in labor disputes; the

tariff, the trusts, the railroads, the election of senators, which he would have by direct vote of the people; the guarantee of bank deposits by the government, and the publicity of campaign contributions. The injunction plank as drafted would prohibit the issuance of prohibitive writs without notice except in the cases in which it is evident irreparable damage might be done to property. In that event the plank will permit the issuance of an injunction limited to ten days time, and a hearing would be required on the second presentation of the case.

SEEM TO HAVE BLUNDERED

Philadelphia Police Have Not Unravelled Murder Mystery.

Philadelphia, July 7.—Though the police pretend to believe that Frederick Gies, Jr., arrested as a suspect in the case, knows something about the murder of Dr. William H. Wilson of this city, developments tend to show that the authorities have blundered in the matter.

The records of the bureau of health show that Mrs. Gies died on June 19. On June 15 the man who sent the poisoned ale to Dr. Wilson purchased from William Olmstead at the Keystone type foundry a letter "S" and this letter was used as a seal stamp by the murderer, who prepared the bottle of ale sent to the physician. Olmstead failed to identify Gies at police headquarters as the customer who ordered the type.

The confusion regarding the date on which Mrs. Gies died seems to be explained by the unfamiliarity of Mrs. Haas, in whose house she died, with the English methods of writing dates. Dr. William Beck, who attended Mrs. Gies, dated the death certificate "6-19-08."

Mrs. Haas, remembering the figures, accepted the figures as meaning sixth day, 1908, instead of sixth month, 19th day, and thus had the date June 6 in hand.

Fred Buckman, the express clerk who received from the supposed murderer the package which contained the poisoned ale sent to Dr. Wilson, confronted Gies at the city hall, but refused to positively identify the prisoner as the man who left the package of ale at the express office.

Gies will be arraigned for a hearing as an accessory in the death of his wife.

CHARGED WITH MURDER.

Edward H. Evans of Ohio Arrested in Boston.

Boston, July 7.—On a charge of having murdered Fred G. Singleton in Cincinnati, Aug. 26, 1907, Edward H. Evans was arrested by police detectives.

Cincinnati, July 7.—Fred G. Singleton, for whose murder Edward H. Evans was arrested in Boston, was found in a Richmond street lodging house in this city last August, bleeding from the effects of being tightly bound by unknown people who had first assaulted him. He died several days afterward without regaining consciousness. Fragments of letters found in the room indicated that he had been enticed there by some woman who was later apparently joined by a man, the assault following. This other man was known in the house by the name of West and he and the woman were understood to have come from Cleveland. Singleton was a widower of advanced years, a resident of Covington, Ky., where he had been a magistrate, at one time having considerable money. At the time of his murder, however, he was without means and the cause of the murder was uncertain.

Grace Billingsby, arrested in Chi-

cago Saturday on request of the Cincinnati police and brought secretly to Cincinnati Sunday night, made a confession, the police announce, which they believe clears the circumstances surrounding the robbery and murder of Squire Frederick G. Singleton. The woman, the police state, says that she had no part in the undoing of Singleton, save that she acted as a decoy.

MURDEROUS TRAGEDY.

Woman Killed and Man Probably Fatally Wounded.

Vincennes, Ind., July 7.—Miss Mayme Baker, twenty years old, is dead, shot by her purported mother, and Charles Ingles probably fatally wounded, as a result of a murderous tragedy which took place here. The whole thing involves a brother's efforts to protect the name of his sister when her own husband would not do it.

Richard Lovejoy and his wife were walking down the street, when they passed Miss Baker and her mother, Mrs. Ollie Ellis, a widow. Both women have borne unfavorable reputations. One was enamored of Lovejoy. He left his wife to join the women, and they stepped aside to have a conversation, when Mrs. Lovejoy interfered. Lovejoy pushed his wife over and one of the women beat her so hard that she is in a serious condition. Her condition so excited her brother when he heard of it that he declared he would drive the offending women out of town. Ingles went to the window of the cottage where Mrs. Ollie Ellis and Miss Mayme Baker lived and told them he would have them arrested if they caused his sister any more trouble.

One of the women then shot Ingles in the face. He tore off the screen and was again shot. He seized the Baker woman and she was hit and killed by a bullet intended for him. Mrs. Ellis, who admits doing the shooting, is under arrest.

FOR THE FAR NORTH.

Arctic Exploration Steamer Roosevelt Starts on Journey.

New York, July 7.—The Arctic exploration steamer Roosevelt left her pier at East Twenty-fourth street carrying Commander Robert E. Peary, who is to head another expedition in quest of the North Pole. The Roosevelt, accompanied by a government tug, proceeded to near City Island, where she anchored for the night. She will go to Oyster Bay, where President Roosevelt will board her to bid goodby to her commander and crew. The Roosevelt will then head for Sydney, Cape Breton, where she will stop for coal. Before the ship left, Commander Peary said:

"I am certainly going to put into this trip every bit of energy—mental, moral and physical—that I have in order to succeed in my undertaking. I feel confident that if I do not reach the pole, at least I will carry the American flag further north than it has been carried by any previous explorer. Unless unforeseen circumstances intervene within the next year, I hope to plant the Stars and Stripes at the pole."

As the Roosevelt swung out into the East river a crowd on the pier cheered goodby while the whistles on river craft joined in the farewell. The whistle of the president's yacht Mayflower, which was passed at anchor on the way up the sound, joined in the adieu.

Commander and Mrs. Peary will lunch with President and Mrs. Roosevelt at Oyster Bay. After the luncheon President Roosevelt will board the ship bearing his name, to inspect her and to bid her commander and

crew good-bye on the journey. Commander Peary will return to New York, and will join his ship at Sydney.

SLEEP OUT OF DOORS.

Heat Drives Out Occupants of New York Tenements.

New York, July 7.—In so far as it was able, New York's tenement house population slept out of doors. Thousands moved their beds to roofs or fire escapes, thousands more fled to the parks and slept on the benches or stretched themselves out on the grass, while hordes of the dwellers near the rivers flocked to the recreation piers for relief from the excessive heat.

Sentenced to Death.

New York, July 7.—Bernard Carlin was convicted of murder in the first degree and was sentenced to die in the week beginning Aug. 3. Carlin, who is twenty-two years old, on April 8 within two hours after his release from prison, went to the home of his mother in Brooklyn and shot her to death. Carlin pleaded lack of motherly care as his excuse for the crime.

DEMOCRATIC NATIONAL CONVENTION IS OPEN

Called to Order by Chairman Taggart and Key Note Delivered by Bell

NEW JERSEY SOLID FOR GRAY

Convention Then Adjourned as a Tribute to the Memory of Grover Cleveland

SPECIAL TO THE DISPATCH.

Denver, July 7.—In the presence of a crowd that packed Denver's immense new auditorium the Democratic convention was called to order by National Chairman Taggart shortly after noon today. Following the reading of the call and prayer by Bishop Keane, of Wyoming, Temporary Chairman Bell delivered the key note speech. The standing committees were then announced and resolutions were adopted expressing condolence on the death of former President Grover Cleveland. As a further mark of respect the convention immediately adjourned. The New Jersey delegation in caucus today decided to vote as a unit for Gray for president.

Denver, July 7.—The wave of Bryan sentiment among the delegates to the Democratic national convention has increased to apparently overwhelming and irresistible proportions, and the nomination of the Nebraskan seems now assured beyond any reasonable doubt, unless some unlooked for reversal of present conditions occurs.

All efforts to unite on a vice presidential candidate have proved futile, and the convention will begin its deliberations with the contest for second place wide open.

A majority of the Pennsylvania delegation in caucus named Colonel James M. Guffey as national committeeman in open defiance of Mr. Bryan's demand for his displacement and on the heels of Guffey's stinging public arraignment of Bryan as a "hypocrite, ingrate and falsifier." A minority of the Pennsylvania delegation held a rump caucus, which sought to depose Guffey from leadership and install James Kerr, a Bryan man, as Pennsylvania's leader.

The New York delegation appointed a committee of ten to draft a platform and named Judge Alton B. Parker, the Democratic standard-bearer of 1904, as the New York representative on the platform committee.

The New York caucus was silent on the presidential and vice presidential situation and New York still fails to show her colors.

The Democratic national committee held its first meeting to consider contests, which resulted in the dismissal of Senator McCarren's New York contests and the seating of Roger Sullivan's Illinois delegates.

Features of Eventful Day.

The foregoing are only the main features of an eventful day—a day marked by the culmination of that noisy demonstration which ushers in a national convention, with delegations and their hosts of followers pouring into town, with bands and marching clubs vying in turbulent demonstration, and with streets and hotel lobbies filled with surging crowds. Amid all this confusion the men of action have worked unceasingly. Most of the states effected their organization, electing members of the committees, aside from the many private conferences over candidates and platform. The day was one of preparation and business detail for the coming assemblage.

The recent arrivals have practically completed the roster of state delegations and have given something of an idea of the aggregate strength commanded by the Bryan adherents. There has been one continuous swelling of the Bryan contingent, with only scattering accessions for other candidates. This has become so apparent that the nomination of Mr. Bryan seems assured, not only by the required two-thirds vote of the convention, but by practically a unanimous vote, except that of Minnesota and Delaware, whose representatives still insist they will be steadfast to the end to their favorite sons, and scattering anti-Bryan votes from Georgia, New York, Pennsylvania, Maine and several other localities—a scattered opposition dwarfed by the magnitude of Mr. Bryan's total.

Looked to New York in Vain.

While this steady tide of Bryan strength has been setting in, the allied opposition have been looking in-

ently but vainly toward New York, for it has been recognized that Chief Murphy, the political genius of the delegation, holds a key which might unlock a movement of genuine force against the Nebraskan. With New York taking the lead and throwing its seventy-eight votes against him, Guffey and his Pennsylvania cohorts would have followed suit; Georgia was wavering and likely to turn a block of Southern strength away from Bryan and this with the organized strength of Johnson and Gray, might have given vitality to the allied opposition. But all these reckonings have come to naught because of New York's persistent silence. Mr. Murphy is neither for Bryan nor against him, and with his leaderless, aimless position, the allied opposition has crumbled to pieces. If Murphy had waited for someone else to take the lead, as is generally believed, he will have the satisfaction of going back to New York with the declaration that it would have been lacking in political sagacity for New York to act against Bryan until the aggregate strength of the opposition was demonstrated to be sufficient to defeat him.

For the first time the allied opposition disclosed figures showing what might have happened had New York announced at the outset that its seventy-eight votes would be swung against Bryan. According to this table a total of 349 votes, or considerably more than the necessary number to block a Bryan nomination, would have swung into line with New York: the claim in detail being as follows:

Alabama 1, Florida 7, Georgia 26, Louisiana 18, West Virginia 14, North Carolina 24, Connecticut 12, Delaware

6, Maine 11, Massachusetts 12, New Hampshire 4, New Jersey 24, New York 78, Pennsylvania 48, Rhode Island 4, Vermont 8, Minnesota 22, Ohio 12, Wisconsin 6, Alaska 6, Porto Rico 6.

The total vote of the convention is 1,002, the one-third necessary to prevent a nomination being 334, whereas the allied opposition claimed fifteen in excess of this requirement, had New York furnished the rallying point.

A meeting was held of the various anti-Bryan elements during which the situation was fully canvassed and a practical agreement reached that it was futile to continue the fight in view of New York's inaction.

The heated contest in the Pennsylvania delegation raged around Mr. Guffey, but his victory, his enemies claim, is less significant than might appear. The hopes of the Bryan men are centered on the nine contesting delegates from Pennsylvania. As these contestants are Bryan men, they are practically assured of being seated by the Bryan committee on credentials, and once seated, Mr. Guffey's victory may be succeeded by Mr. Bryan's final triumph, according to the calculations of the Bryan men. Against this, however, Guffey secured the signatures of forty Pennsylvania delegates whose seats are uncontested and who have an undisputed majority of the 68 Pennsylvania votes regardless of contest.

Disposes of Contests.

Denver, July 7.—In record time the Democratic national committee disposed of all contests before it with the exception of those of two states—Pennsylvania and Idaho—which went over. The general result was to sustain the delegates who came here with credentials from their state and district conventions.

STORM IN NEBRASKA.

Causes the Loss of at least Five Lives.

Lincoln, Neb., July 7.—Lincoln experienced what was probably the worst flood in its history, causing the known loss of five lives and probably two others, minor injuries to several, a property loss which cannot yet be estimated, an almost total suspension of railroad traffic to and from the city and misery to hundreds of families who have been driven from their homes and are sheltered in public buildings and private residences. The known dead are:

John Nelson, drowned while trying to rescue stock; three children of Henry Amed, fell from a boat after being rescued from their home; Mrs. Schuester, who died from fright and exposure after being taken from her flooded home.

A young man named Gillard Nicolas was caught in the flood and climbed a telephone pole and persons say they saw him, after clinging for hours, fall into the water. No trace of him has since been found. The flood followed the greatest downpour of rain known here for many years. The Lincoln gas and electric light plant is flooded. The flood now is subsiding.

ONE DIFFICULT PLANK

And That Relates to Injunctions in Labor Troubles.

HIS POSITION IS NOT RIGID

Mr. Bryan Realizes That Issuance of an Injunction Without Notice to Those Enjoined Might Be Necessary to Save Life or Property.

Denver, July 7.—Evidences are multiplying that practically the only difficult plank to prepare for the Democratic platform will be that relating to the use of injunctions in industrial disputes. Mr. Bryan has let it be known through a number of reliable sources that his position on this plank is not rigid. Perhaps the most important conference with reference to the injunction plank was that held at Fairview, Mr. Bryan's home, during the dinner given by the Nebraskan to a number of prominent Democrats on July 4. At this dinner Mr. Bryan stated clearly that he realized that there might arise situations where the issuance of an injunction without notice to those enjoined would be the only remedy against loss of life or irreparable damage to property. To meet such cases, Mr. Bryan further indicated that if the resolutions committee could draw a plank which would provide for such emergencies, with the safeguard that this class of injunctions should be self-dissolving after a period of three or five days, the plank would meet his approval.

Work on the platform continues through the medium of an informal sub-committee consisting of Governor Haskell, who is to be chairman of the resolutions committee, and a number of prominent members of the party who will have places on that committee. The product of this work will be laid before a large sub-committee of the resolutions committee when the latter is officially appointed by the convention. The plan contemplates telephoning each plank to Mr. Bryan at Lincoln as soon as it is agreed upon by the sub-committee.

After Approval of Bryan.

Thus it will be possible for the sub-committee to present to the full resolutions committee a perfected platform which already has received the stamp of approval of the prospective candidate. So far there has developed no intimation of hostility to Mr. Bryan's wishes with reference to the platform. One of these wishes is understood to be that the platform be the product of the resolutions committee, guided, of course, in its drafting, by frequent conferences with Fairview.

Plans of many varieties were submitted to Governor Haskell and by him to his conferring colleagues. One of these was an irrigation plank, submitted by Judge King of Utah, which pledges the party to conservation of the irrigable lands of the West for persons desiring to make permanent homes as against allowing this territory to become property of corporations.

The tariff plank came in for considerable discussion, with the result that this language was put forward tentatively as embodying the position the party should take:

"The Democratic party believes in tariff for revenue only, but inasmuch as the expenses of the government are great, and we are depending largely upon imports for the revenues for running the government, which means the imposition of a tariff, we favor the laying of the tariff duties in such a manner that there shall be no discrimination in behalf of any section of the country of any industry."

Railroad Rate Plank.

Judge Powers of Utah has transmitted to the tentative resolutions committee a plank he has received and approves, from Samuel Newhouse, prominently known in railroad and mining financial circles. Mr. Newhouse wired Judge Powers that the plank was written after careful canvass of the financial classes in New York. It recites the necessity of maintaining and even increasing in some instances existing railroad rates and tariffs, recognizing the righteousness of government regulation.

Mayor F. W. Brown of Lincoln, who is to be the Nebraska representative on the committee on resolutions, arrived with Mr. Bryan's suggestions concerning a number of planks of the platform in his pocket. Mr. Brown said that it had not been Mr. Bryan's intention to prepare a complete platform but that it was his wish that the committee itself should perform this duty. He declined to say what subjects were covered by the Bryan draft, but it is understood through other channels that Mr. Bryan's memorandum deals especially with the subject of the regulation of the issuance of writs of injunction by the federal courts in labor disputes; the

Singleton was a widower of advanced years, a resident of Covington, Ky., where he had been a magistrate, at one time having considerable money. At the time of his murder, however, he was without means and the cause of the murder was uncertain.

Grace Billingsby, arrested in Chi-

cago Saturday on request of the Cincinnati police and brought secretly to Cincinnati Sunday night, made a confession, the police announce, which they believe clears the circumstances surrounding the robbery and murder of Squire Frederick G. Singleton. The woman, the police state, says that she had no part in the undoing of Singleton, save that she acted as a decoy.

MURDEROUS TRAGEDY.

Woman Killed and Man Probably Fatally Wounded.

Vincennes, Ind., July 7.—Miss Mayme Baker, twenty years old, is dead, shot by her purported mother, and Charles Ingles probably fatally wounded, as a result of a murderous tragedy which took place here. The whole thing involves a brother's efforts to protect the name of his sister when her own husband would not do it.

Richard Lovejoy and his wife were walking down the street, when they passed Miss Baker and her mother, Mrs. Ollie Ellis, a widow. Both women have borne unfavorable reputations. One was enamored of Lovejoy. He left his wife to join the women, and they stepped aside to have a conversation, when Mrs. Lovejoy interfered. Lovejoy pushed his wife over and one of the women beat her so hard that she is in a serious condition. Her condition so excited her brother when he heard of it that he declared he would drive the offending women out of town. Ingles went to the window of the cottage where Mrs. Ollie Ellis and Miss Mayme Baker lived and told them he would have them arrested if they caused his sister any more trouble.

One of the women then shot Ingles in the face. He tore off the screen and was again shot. He seized the Baker woman and she was hit and killed by a bullet intended for him. Mrs. Ellis, who admits doing the shooting, is under arrest.

FOR THE FAR NORTH.

Arctic Exploration Steamer Roosevelt Starts on Journey.

New York, July 7.—The Arctic exploration steamer Roosevelt left her pier at East Twenty-fourth street carrying Commander Robert E. Peary, who is to head another expedition in quest of the North Pole. The Roosevelt, accompanied by a government tug, proceeded to near City Island, where she anchored for the night. She will go to Oyster Bay, where President Roosevelt will board her to bid goodby to her commander and crew. The Roosevelt will then head for Sydney, Cape Breton, where she will stop for coal. Before the ship left, Commander Peary said:

"I am certainly going to put into this trip every bit of energy—mental, moral and physical—that I have in order to succeed in my undertaking. I feel confident that if I do not reach the pole, at least I will carry the American flag further north than it has been carried by any previous explorer. Unless unforeseen circumstances intervene within the next year, I hope to plant the Stars and Stripes at the pole."

As the Roosevelt swung out into the East river a crowd on the pier cheered goodby while the whistles on river craft joined in the farewell. The whistle of the president's yacht Mayflower, which was passed at anchor on the way up the sound, joined in the adieu.

Commander and Mrs. Peary will lunch with President and Mrs. Roosevelt at Oyster Bay. After the luncheon President Roosevelt will board the ship bearing his name, to inspect her and to bid her commander and

crew good-bye on the journey. Commander Peary will return to New York, and will join his ship at Sydney.

SLEEP OUT OF DOORS.

Heat Drives Out Occupants of New York Tenements.

New York, July 7.—In so far as it was able, New York's tenement house population slept out of doors. Thousands moved their beds to roofs or fire escapes, thousands more fled to the parks and slept on the benches or stretched themselves out on the grass, while hordes of the dwellers near the rivers flocked to the recreation piers for relief from the excessive heat.

Sentenced to Death.

New York, July 7.—Bernard Carlin was convicted of murder in the first degree and was sentenced to die in the week beginning Aug. 3. Carlin, who is twenty-two years old, on April 8 within two hours after his release from prison, went to the home of his mother in Brooklyn and shot her to death. Carlin pleaded lack of motherly care as his excuse for the crime.

ing arrived last night, coming by way
of the great lakes. Mr. and Mrs.
Beadle were guests of Mr. and Mrs.
Johnson last summer and made many
acquaintances whom they remember
and desire to meet during their present
visit.

Try This For Dessert

Dissolve one package of any flavored JELL-O
in one pint of boiling water. When partly cool
beaten until light adding one cup whipped
cream and six crushed macaroons. Whip all to-
gether thoroughly and pour it into a mould or bowl.
When cool, it will jelly and may be served with
whipped cream or any good pudding sauce.

The JELL-O costs 10c per package and can be
obtained at any good grocer's.

STRUCK BY LIGHTNING.

One Youth Killed and Several Others
Badly Injured.

Menominee, Mich., July 7.—One
youth was killed, another fatally in-
jured, and four others badly shocked
when lightning struck the icehouse of
Felix Cartier, about five miles east
of Carney. The dead boy is John
Golder, sixteen years old.

The injured are Felix Cartier, Jr.,
unconscious for fourteen hours; Eric
Hammerberg, little finger sniped off;
Alfred Peterson, severely shocked;
Arvid Halmberg and Oscar Oleson,
terribly burned.

Sheriffs Meet in Minneapolis.

has accepted the resignation of Will-
iam Lochren, judge of the United
States district court for the district
of Minnesota, and has appointed M.
D. Purdy, present assistant to the at-
torney general, to the vacancy.

The Best Pills Ever Sold

"After doctoring 15 years for chronic
indigestion, and spending over two hun-
dred dollars, nothing has done me as
much good as Dr. King's New Life
Pills. I consider them the best pills
ever sold," writes R. F. Ayscue, of
Ingleside, N. C. Sold under guarantee
at H. P. Dunn's drug store. 25c. tfs

MAKING STEEL TEST

Test of Various Brands of Steel
Being Made at the Shops
by Mr. Anderson

An exhaustive test of various brands
of steel used for tools on the large
lathes and other machines in the Nor-
thern Pacific shops is being made under
the supervision of Superintendent An-
derson. The test is to determine what
brand of steel will be used for tools
during the ensuing year. The test
commenced today and will take several
days to complete. The steel is tested
on a machine made by the Niles Be-
ment Bond Co., represented by D. H.
Keeas. The official record of the test
is made by H. B. Thompson. The
brands of manufacturers of steel being
tested and their representatives are as
follows:

Novo Steel, Sheffield, Eng.; C. A.
Holdridge, Milwaukee.

Mushett High Speed Steel, Sheffield,
Eng.; Mr. Goble, New York.

Allan High Speed Steel, Sheffield,
Eng.; R. J. Anderson, Milwaukee.

Rex A High Speed Steel, Pittsburg,
Pa.; W. A. Gowing, Chicago.

Bohler High Speed Steel Co., Austria;
B. Stillson, Chicago.

McInnis High Speed Steel, Corey, Pa.;
A. H. Hass, Chicago.

Midvale High Speed Steel, Midvale,
Pa.; Milwaukee.

Cyclops High Speed Steel Co., Titus-
ville, Pa.; W. G. Abel, Cleveland.

Bethlehem High Speed Steel, Bethle-
hem, Pa.; A. C. Cappel, Pittsburg.

Blue Chip High Speed Steel, Pitts-
burg; F. N. Mead, Milwaukee.

Colonial High Speed Steel, Pittsburg;
James Lewis, Chicago.

Darkness and Dawn

"Darkness and Dawn," always beau-
tiful, was never more so than last night.

When the moon rose from out the
waters of primeval earth and sent its
shimmering sheen of silver radiance
across the rippling waves the scene
presented was so natural, so faultless
in reproduction of that most beautiful
of natural effects which old earth has
to offer, that the big audience gath-
ered to witness it in "Darkness and
Dawn" broke into unconscious ap-
plause. The people seemed to hesitate
about applauding, for to clap hands at
such a proceeding seemed a profana-
tion, but gradually as the moon rose
higher and the clouds drifted by in
scurrying masses and the waters serene-
lyedied and rippled in the soft radi-
ance, the storm of applause broke and
the multitude gave its commendation
to the one of the most remarkable pre-
sentations of natural effects ever seen
under canvas.

And that was but one audience of the
score or more of packed crowds that
witnessed the magnificent show last
night. "Darkness and Dawn" has won
a friend in every person who has ever
witnessed the production, and last night
it won many of these. Showing the
story of earth building as narrated in
the Bible, it is a piece of spectacular
effect that is noteworthy in its realism
and naturalism. 1t

"Health Coffee" is the cleverest imi-
tation of real coffee ever yet made.
Dr. Shoop created it from pure parched
grains, malt, nuts, etc. Fine in flavor
—is made in just one minute. No 20 or
30 minutes tedious boiling. Sample
free. McGinn & Smith. tt

Making and Saving Money

No valuable thing comes easy.
A fat bank account is a cheer-
ful thing to contemplate, but
to secure it is no snap. No
man can accumulate without
using the services of a good
bank, and there is where we
come in. We help in the sav-
ing process, we make it easy
and convenient to save and we
encourage the habit by paying
you for doing it. If you have
not opened an account yet,
begin next pay day. Get a
start, if only with a five dollar
bill or open a savings account,
which requires only \$1.00 for
the first deposit. You owe it
to your family and yourself to
save something.

FIRST NATIONAL BANK

TAFT AND BEVERIDGE.

Hold a Political Conference at Hot
Springs, Va.

Hot Springs, Va., July 7.—Senator
Beveridge of Indiana, Representative
McKinley of Illinois and Representa-
tive Burke of Pennsylvania have ar-
rived here. Mr. Taft was closeted
with Senator Beveridge for a couple
of hours and they went over condi-
tions in Indiana and elsewhere with
great detail. Mr. Beveridge told Mr.
Taft that he did not consider that the
affairs of the party in Indiana were
in any condition to endanger the state
next fall. A ball game between the
statesmen and the newspaper corre-
spondents put an end to further con-
ferences for the day. Mr. Taft taking
part in the game on the team of
statesmen and Mrs. Taft witnessing
the sport.

Mrs. Taft will have a talk with
Representative McKinley of Illinois
and Representative Burke of Pennsylv-
ania. Senator Hemenway and Rep-
resentative Watson will be here to
take part in the conference.

Bishop Potter Improving.

Cooperstown, N. Y., July 7.—Bishop
Potter continues to improve. His son,
Alonso Potter, and his son-in-law,
Charles Russell, have left for New
York. Bishop Potter has gained
slightly in strength and the indica-
tions point toward ultimate recovery,
but it will necessarily be very slow.

BASEBALL SCORES.

Wins Armengaud Prize.

Paris, July 7.—Henry Farman won
the prize of \$2,000 offered by M. Ar-
mengaud for the first aeroplaneist who
remained in the air for fifteen min-
utes. M. Farman succeeded in re-
maining in the air for twenty min-
utes, covering a distance of 18 kilo-
meters in that time.

Women Who Wear Well.

It is astonishing how great a change a
few years of married life often make in
the appearance and disposition of many
women. The freshness, the charm, the
brilliance vanish like the bloom from a
peach which is rudely handled. The
matron is only a dim shadow, a faint echo
of the charming maiden. There are two
reasons for this change, ignorance and
neglect. Few young women appreciate
the shock to the system through the
change which comes with marriage and
motherhood. Many neglect to deal with
the unpleasant pelvic drains and weak-
nesses which too often come with mar-
riage and motherhood, not understanding
that this secret drain is robbing the cheek
of its freshness and the form of its
fairness.

As surely as the general health suffers
when there is derangement of the health
of the delicate womanly organs, so surely
will these organs be established in
health, the face and form at once witness
to the fact in renewed comeliness. Nearly
a million women have found health and
happiness in the use of Dr. Pierce's
Favorite Prescription. It makes weak wom-
en strong and sick women well. Ingredi-
ents on label—contains no alcohol or
harmful habit-forming drugs. Made
wholly of those native, American, medi-
cinal roots most highly recommended by
leading medical authorities of all the sev-
eral schools of practice for the cure of
woman's peculiar ailments.

For nursing mothers, or for those broken-
down in health by too frequent bearing of
children, also for the expectant mothers,
to prepare the system for the coming of
baby and making its advent easy and
almost painless, there is no medicine quite
so good as "Favorite Prescription." It
can do no harm in any condition of the
system. It is a most potent invigorating
tonic and strengthening nerve tonic
adapted to woman's delicate system by a
physician of large experience in the treat-
ment of woman's peculiar ailments.

Dr. Pierce may be consulted by letter
free of charge. Address Dr. R. V. Pierce,
"Invalids' Hotel and Surgical Institute,"
Buffalo, N. Y.

ing arrived last night, coming by way
of the great lakes. Mr. and Mrs.
Beadle were guests of Mr. and Mrs.
Johnston last summer and made many
acquaintances whom they remember
and desire to meet during their present
visit.

Try This For Dessert

Dissolve one package of any flavored JELL-O
in one pint of boiling water. When partly
cooled, beat until light adding one cup
whipped cream and six crushed macaroons. Whip
all together thoroughly and pour into a mold or bowl.
When cool, it will jellify and may be served
with whipped cream or any good pudding sauce.
The JELL-O costs 10c per package and can be
obtained at any good grocery.

STRUCK BY LIGHTNING.

One Youth Killed and Several Others
Badly Injured.

Menominee, Mich., July 7.—One
youth was killed, another fatally in-
jured, and four others badly shocked
when lightning struck the icehouse of
Felix Cartier, about five miles east
of Carney. The dead boy is John
Golder, sixteen years old.

The injured are Felix Cartier, Jr.,
unconscious for fourteen hours; Eric
Hammerberg, little finger sniped off;
Alfred Peterson, severely shocked;
Arvid Halmberg and Oscar Oleson,
terribly burned.

Sheriffs Meet in Minneapolis.

Minneapolis, July 7.—A three days'
meeting of the Interstate Sheriffs' as-
sociation, comprising the territory of
Arizona, California, Colorado, Illinois,
Iowa, Idaho, Kansas, Michigan, Min-
nesota, Missouri, Montana, Nebraska,
Nevada, Wyoming, North and South
Dakota, Oregon, Utah, Washington and
Wisconsin is being held in this city.

Purdy to Succeed Lochren.

Washington, July 7.—The president
has accepted the resignation of Will-
iam Lochren, judge of the United
States district court for the district
of Minnesota, and has appointed M.
D. Purdy, present assistant to the at-
torney general, to the vacancy.

The Best Pills Ever Sold

"After doctoring 15 years for chronic
indigestion, and spending over two hun-
dred dollars, nothing has done me as
much good as Dr. King's New Life
Pills. I consider them the best pills
ever sold," writes B. F. Ayscue, of
Ingleside, N. C. Sold under guarantee
at H. P. Dunn's drug store. 25c. tfs

MAKING STEEL TEST

Test of Various Brands of Steel
Being Made at the Shops
by Mr. Anderson

An exhaustive test of various brands
of steel used for tools on the large
lathes and other machines in the Nor-
thern Pacific shops is being made under
the supervision of Superintendent An-
derson. The test is to determine what
brand of steel will be used for tools
during the ensuing year. The test
commenced today and will take several
days to complete. The steel is tested
on a machine made by the Niles Be-
ment Bond Co., represented by D. H.
Keeas. The official record of the test
is made by H. B. Thompson. The
brands of manufacturers of steel being
tested and their representatives are as
follows:

Novo Steel, Sheffield, Eng.; C. A.
Holdridge, Milwaukee.

Mushett High Speed Steel, Sheffield,
Eng.; Mr. Goble, New York.

Allan High Speed Steel, Sheffield,
Eng.; R. J. Anderson, Milwaukee.

Rex A High Speed Steel, Pittsburg,
Pa.; W. A. Gowing, Chicago.

Bohler High Speed Steel Co., Austria;
B. Stilson, Chicago.

McInnis High Speed Steel, Corey, Pa.;
A. H. Hass, Chicago.

Midvale High Speed Steel, Midvale,
Pa.; Milwaukee.

Cyclops High Speed Steel Co., Titus-
ville, Pa.; W. G. Abel, Cleveland.

Bethlehem High Speed Steel, Bethle-
hem, Pa.; A. C. Cappel, Pittsburg.

Blue Chip High Speed Steel, Pitts-
burg; F. N. Mead, Milwaukee.

Colonial High Speed Steel, Pittsburg;
James Lewis, Chicago.

Darkness and Dawn

"Darkness and Dawn," always beau-
tiful, was never more so than last night.

When the moon rose from out the
waters of primeval earth and sent its
shimmering sheen of silver radiance
across the rippling waves the scene
presented was so natural, so faultless
in reproduction of that most beautiful
of natural effects which old earth has
to offer, that the big audience gath-
ered to witness it in "Darkness and
Dawn" broke into unconscious ap-
plause. The people seemed to hesitate
about applauding, for to clap hands at
such a proceeding seemed a profana-
tion, but gradually as the moon rose
higher and the clouds drifted by in
scurrying masses and the waters serenely
leaded and rippled in the soft radi-
ance, the storm of applause broke and
the multitude gave its commendation
to the one of the most remarkable pre-
sentations of natural effects ever seen
under canvas.

And that was but one audience of the
score or more of packed crowds that
witnessed the magnificent show last
night. "Darkness and Dawn" has won
a friend in every person who has ever
witnessed the production, and last night
it won many of these. Showing the
story of earth building as narrated in
the Bible, it is a piece of spectacular
effect that is noteworthy in its realism
and naturalism. 1t

"Health Coffee" is the cleverest imi-
tation of real coffee ever yet made.
Dr. Shoop created it from parched
grains, malt, nuts, etc. Fine in flavor
—is made in just one minute. No 20 or
30 minutes tedious boiling. Sample
free. McGinn & Smith. tt

Making and Saving Money

No valuable thing comes easy.
A fat bank account is a cheer-
ful thing to contemplate, but
to secure it is no snap. No
man can accumulate without
using the services of a good
bank, and there is where we
come in. We help in the sav-
ing process, we make it easy
and convenient to save and we
encourage the habit by paying
you for doing it. If you have
not opened an account yet,
begin next pay day. Get a
start, if only with a five dollar
bill or open a savings account,
which requires only \$1.00 for
the first deposit. You owe it
to your family and yourself to
save something.

FIRST NATIONAL BANK

TAFT AND BEVERIDGE.

Hold a Political Conference at Hot
Springs, Va.

Hot Springs, Va., July 7.—Senator
Beveridge of Indiana, Representative
McKinley of Illinois and Representa-
tive Burke of Pennsylvania have ar-
rived here. Mr. Taft was closeted
with Senator Beveridge for a couple
of hours and they went over condi-
tions in Indiana and elsewhere with
great detail. Mr. Beveridge told Mr.
Taft that he did not consider that the
affairs of the party in Indiana were
in any condition to endanger the state
next fall. A ball game between the
statesmen and the newspaper corre-
spondents put an end to further con-
ferences for the day. Mr. Taft taking
part in the game on the team of
statesmen and Mrs. Taft witnessing
the sport.

Mrs. Taft will have a talk with
Representative McKinley of Illinois
and Representative Burke of Pennsylv-
ania. Senator Hemenway and Repre-
sentative Watson will be here to
take part in the conference.

Bishop Potter Improving.

Cooperstown, N. Y., July 7.—Bishop
Potter continues to improve. His son,
Alonzo Potter, and his son-in-law,
Charles Russell, have left for New
York. Bishop Potter has gained
slightly in strength and the indica-
tions point toward ultimate recovery,
but it will necessarily be very slow.

REGULAR MEETING OF CITY COUNCIL

Large Amount of Routine Business Transacted and Claims Allowed

WATERWORKS WAS DISCUSSED

Water Company will Refuse to Furnish Fire Pressure After July 11th it is Said

The members of the city council were all present at the regular meeting Monday evening and though there was little besides routine business transacted they were in session until midnight, much of the time being devoted to discussion of the various phases of the water works question.

The usual reports of the city officers were read and approved and the council then passed to the work of allowing bills against the city, most of which was passed without comment.

The pay rolls of the various departments of the city were allowed as usual. The rolls were of the usual size, that of the firemen being only \$24.00.

The bills for the rock purchased last winter were allowed, there having been 743.62 tons purchased at a cost to the city of \$2974.43, as shown by the weigh bills of the city scales.

There was a kick from Alderman Fogelstrom, on the bills for livery ordered by Superintendent Baker of the electric light department. They were ordered paid, however, with the understanding that hereafter he should get an order before hiring a team.

The committee on streets, sidewalks and bridges reported there were two sidewalks on North Ninth street which were in a bad condition and should be condemned. There was considerable discussion to who should condemn the walk, neither the street committee or the street commissioner seeming to care to take the responsibility. The matter was finally left without action on an agreement to inspect the walks and the committee and commissioner to report at next meeting.

The purchasing committee reported that the supplies ordered for the fire department has been received.

The committee on health, sewers and police reported plans and estimates for a storm sewer from the city scales south to the corner of Maple street and thence west to Fifth street at a total cost of \$645.50 and recommended that it be ordered constructed at once. There was considerable discussion, members from other wards expressing the opinion that the sewer should not be constructed from the general funds when other wards had been compelled to pay for their own sewers. The alderman from that ward took the ground that the sewer was a storm sewer, and not a sanitary sewer, and that for that reason should be paid for by the entire city. It was, however, laid on the table until next meeting.

The publicity committee had no report to make, but stated that they were preparing pamphlets which were to be put out.

A petition from property owners on North Ninth street was presented, asking the council to order the street curbed and graded and catch basins put in. After some discussion the matter was referred to the street committee. Alderman Fogelstrom stated that he had been told that the Minnesota Waterworks company was refusing to receive money for water rents and that he believed that the company intended to shut down the plant. He introduced a resolution instructing the city attorney to prepare papers to serve on the company to prevent them from discontinuing service should they attempt to do so.

It brought forth from Mayor Wise a letter that a gentleman had received from Ambrose Tighe dated June 24, covering the points in controversy and stating that the company would refuse

to continue fire service after July 11, unless before that date the city had taken steps either to acquire the plant or to grant the company a contract for a term of years which would warrant them improving the plant. Mr. Tighe gave as his reason for this action that the company could no longer be placed in the position of agreeing to do what it had not the machinery to do nor would it make any additional investment when the city was taking steps which would render that investment worthless.

Alderman Twohey arose and made an extended address to the council in which he reviewed the action of this council in the waterworks matter and declared that there was an under current of opposition to the bond issue which had grown up since the talk of Leon E. Lum to the commercial club. Mr. Twohey and Mr. Zakariasen both paid their compliments to the commercial club and others, declaring that there had been underhanded work and Mr. Zakariasen said that there had been attempts made to intimidate the councilmen, but that he for one was there for the purpose of taking the part of the people and was going to do so. This brought a retort from President Johnson to the effect that he and other councilmen who did not agree with Mr. Zakariasen in all things were also on the side of the people and acted as honestly as did Mr. Zakariasen.

Continuing Mr. Twohey called attention to a meeting of a part of the city council to which he alleged that the members of the Third and Fourth Wards had not been invited and also declared that certain of the members of the publicity committee had failed to do their duty, and that certain of the city officials had either wilfully or through lack of knowledge blocked the efforts of the council to have the election held earlier. He also paid his respects to the press in general and the Tribune in particular. Mayor Wise stated that he had from the beginning believed, and still believed that the city should condemn the plant at once and get the revenues and that this was the shortest and wisest way out of the tangle. He recalled to the attention of the aldermen meetings of the publicity committee which they themselves had called and which he had attended and at which they had not showed up. After much desultory discussion a roll call was ordered on Alderman Fogelstrom's resolution directing the city attorney to prepare papers for an injunction suit. The aldermen all voted aye and the resolution was declared adopted.

Mayor Wise read a letter from the Western Port Huron Company, declining to send a man to demonstrate the abilities of the road roller unless the city would in writing state that such act should not affect the acceptance of the roller which it declared the city had already accepted. This brought forth another long discussion in which the new city attorney sought to be enlightened in the matter and the letter was turned over to him along with other papers in the matter.

The street curb lines in the First and Fifth wards were established, being 17½ feet from the center line except on South Seventh street, between Laurel and Norwood, where they were fixed at 27½ feet from the center line.

Polling places for the special election were fixed as follows:

First ward, Jardner building, 418 South Sixth street.

Second ward, Congdon's paint shop, 617 Main street.

Third ward, hose house.

Fourth ward, hose house.

Fifth ward, 307 Sixth street.

Council then adjourned.

Thinks it Saved His Life
Lester M. Nelson, of Naples, Maine, says in a recent letter: "I have used Dr. King's New Discovery many years, for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would no more be without a bottle than I would be without food." For nearly forty years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs it has no equal. Sold under guarantee at H. P. Dunn's drug store. 50c and \$1.00. Trial bottle free.

CARNIVAL DID BIG BUSINESS

Shows Were Well Patronized the First Evening and Gave Satisfaction

MANY ATTRACTIONS ARE NEW

Model City, Holder's Animal Circus, Glass Blowers and Other Shows Crowded

The carnival opened last evening in a blaze of electricity. The shows were practically all running and while neither the time of the reporter or space permits a detailed writup of every feature a few were visited and all gave the best of satisfaction.

Commencing at the hay market Holder's Animal Circus is the first attraction. Mr. Holder's eight trained steers for which he has refused \$50,000, offered by the Borax Company of twenty mule team fame, are the headliners, closely followed by the dogs, ponies and educated pigs. The latter comprise a drove of six, one of whom has been training only a few weeks. Maud, the trick mule also made lots of fun for the crowd. This show has a band and puts on a good outside stunt in the shape of a dog who makes a high dive from a ladder into a net.

Then comes Count Teddy, the midget, who is one of the smallest, if not the smallest men now on exhibition. Serpentina, the serpent girl, was just across the way and attracted many of the curious.

If you want a new experience take a ride on the Ocean Wave, a merry-go-round hung on eccentrics, which was a great novelty and took well.

Elma, the fat girl smiled up at the crowd from her seat in the next tent. She is certainly a monster.

Bachman's glass blowers came next. They were in Brainerd five years ago and one troupe has been here since. They gave a fine exhibition last night to a crowded house all the evening. Their souvenirs are fine and their entertainment is very instructive, and one which every child in Brainerd should see.

Chequita, the midget horse attracted a good crowd and is certainly a midget and shows that it is not a colt but a real midget horse.

The Beautiful Orient is another show which is interesting and instructive. It shows the various oriental dances, and is clean all right. The control of the girls over their muscles is little less than marvelous, one of them making the muscles of the arm keep time to the music while the rest of the body was perfectly still. As a study in physiology and the possibilities of physical training the show is well worth a visit.

Next to this will be the Flea Circus, which opens tonight for the first time. A troupe of 300 trained fleas, managed by Prof. Paul is the unique attraction.

They perform various tasks, drawing carriages, automobiles, bicycles, juggling, do tricks on a slack wire, etc. The troupe includes "Fleao, the Dare Devil," who loops the loop in an automobile. Feats of horsemanship and of strength are also shown. This show is direct from England, having arrived in New York June 19th and joined the carnival here yesterday.

A good merry-go-round stands next, and then comes the office tent with an awning with seats for members of the committee and newspaper representatives.

A ferris wheel, said to be the biggest portable one in existence, comes next. Then comes Prince Randion, the armless and legless wonder. He was not working when the reporter happened along, but those who have seen him speak of his accomplishments as wonderful.

Corla Beckwith, the water queen did not perform last night because of the fact that her lecturer sprained his ankle yesterday and was unable to appear, but was doing business this afternoon and will be giving exhibitions tonight.

The big snake, which is just across the way was also on exhibition. The reptile is shedding, an unusual sight and one probably never before seen in Brainerd.

"Kemp's Model City," is in the opinion of many the crowning show of the carnival. It is a marvel of mechanical genius, not only in its construction, but in that so fragile and complicated a mechanism can be moved from place to place and set up and put in running order in a day.

The monarch picture show is at the extreme end of the carnival but did a good business and proved interesting. It has a good line of pictures well put on.

There will be an additional show tomorrow, the Thelma show, giving the fire dance, poses and illustrated songs. The carnival as a whole gave the best of satisfaction, and while perhaps on the outside is not as pretensions as the Parker Amusement company's outfits, it certainly delivers the goods.

There are several especially good points about the Kline shows. They do not permit the sale of ticklers, confetti

ROUTINE BUSINESS DONE

Board of Education Held Regular Meeting Monday Evening and Transacted Usual Business

There was little startling or out of the regular order of things in the proceedings of the regular meeting of the board of education Monday evening. The usual janitor's pay roll and a small bunch of bills were allowed. Most of the evening was devoted to the consideration of the question of a heating plant for the Lowell school. The district did not realize as much from the June apportionment as was expected and the board is up against a hard proposition. The bids for excavation were all rejected, because if the excavating were done and no contract let for the heating plant the building would not be in shape to use this coming winter. It was decided to wait until the contract was let for the heating plant before letting the contract for other work.

The resignation of Mons Mahlum, who had moved into the Second and was ineligible to serve as a representative of the Fifth ward, was accepted. The board then adjourned to meet on Thursday evening of this week.

Treasurer Johnson reported having received the June apportionment. The following are the amounts received in each fund for the past three years:

	1906	1908	1908
Teachers fund	\$13,132.59	\$12,079.81	\$12,290.60
Local 1 Mill.	1,034.62	1,000.37	971.47
Building fund.	2,504.00	2,443.88	3,744.39

REGULAR MEETING OF CITY COUNCIL

Large Amount of Routine Business Transacted and Claims Allowed

WATERWORKS WAS DISCUSSED

Water Company will Refuse to Furnish Fire Pressure After July 11th it is Said

The members of the city council were all present at the regular meeting Monday evening and though there was little besides routine business transacted they were in session until midnight, much of the time being devoted to discussion of the various phases of the water works question.

The usual reports of the city officers were read and approved and the council then passed to the work of allowing bills against the city, most of which was passed without comment.

The pay rolls of the various departments of the city were allowed as usual. The rolls were of the usual size, that of the firemen being only \$24.00.

The bills for the rock purchased last winter were allowed, there having been 743.62 tons purchased at a cost to the city of \$2974.43, as shown by the weigh bills of the city scales.

There was a kick from Alderman Fogelstrom, on the bills for livery ordered by Superintendent Baker of the electric light department. They were ordered paid, however, with the understanding that hereafter he should get an order before hiring a team.

The committee on streets, sidewalks and bridges reported there were two sidewalks on North Ninth street which were in a bad condition and should be condemned. There was considerable discussion to who should condemn the walk, neither the street committee or the street commissioner seeming to care to take the responsibility. The matter was finally left without action on an agreement to inspect the walks and the committee and commissioner to report at next meeting.

The purchasing committee reported that the supplies ordered for the fire department has been received.

The committee on health, sewers and police reported plans and estimates for a storm sewer from the city scales south to the corner of Maple street and thence west to Fifth street at a total cost of \$645.50 and recommended that it be ordered constructed at once.

There was considerable discussion, members from other wards expressing the opinion that the sewer should not be constructed from the general funds when other wards had been compelled to pay for their own sewers. The alderman from that ward took the ground that the sewer was a storm sewer, and not a sanitary sewer, and that for that reason should be paid for by the entire city. It was, however, laid on the table until next meeting.

The publicity committee had no report to make, but stated that they were preparing pamphlets which were to be put out.

A petition from property owners on North Ninth street was presented, asking the council to order the street curbed and graded and catchbasins put in. After some discussion the matter was referred to the street committee.

Alderman Fogelstrom stated that he had been told that the Minnesota Waterworks company was refusing to receive money for water rents and that he believed that the company intended to shut down the plant. He introduced a resolution instructing the city attorney to prepare papers to serve on the company to prevent them from discontinuing service should they attempt to do so.

It brought forth from Mayor Wise a letter that a gentleman had received from Ambrose Tighe dated June 24, covering the points in controversy and stating that the company would refuse

to continue fire service after July 11, unless before that date the city had taken steps either to acquire the plant or to grant the company a contract for a term of years which would warrant them improving the plant. Mr. Tighe gave as his reason for this action that the company could no longer be placed in the position of agreeing to do what it had not the machinery to do nor would it make any additional investment when the city was taking steps which would render that investment worthless.

Alderman Twohey arose and made an extended address to the council in which he reviewed the action of this council in the waterworks matter and declared that there was an under current of opposition to the bond issue which had grown up since the talk of Leon E. Lum to the commercial club. Mr. Twohey and Mr. Zakariasen both paid their compliments to the commercial club and others, declaring that there had been underhanded work and Mr. Zakariasen said that there had been attempts made to intimidate the councilmen, but that he for one was there for the purpose of taking the part of the people and was going to do so. This brought a retort from President Johnson to the effect that he and other councilmen who did not agree with Mr. Zakariasen in all things were also on the side of the people and acted as honestly as did Mr. Zakariasen.

Continuing Mr. Twohey called attention to a meeting of a part of the city council to which he alleged that the members of the Third and Fourth Wards had not been invited and also declared that certain of the members of the publicity committee had failed to do their duty, and that certain of the city officials had either wilfully or through lack of knowledge blocked the efforts of the council to have the election held earlier. He also paid his respects to the press in general and the Tribune in particular. Mayor Wise stated that he had from the beginning believed, and still believed that the city should condemn the plant at once and get the revenues and that this was the shortest and wisest way out of the tangle. He recalled to the attention of the aldermen meetings of the publicity committee which they themselves had called and which he had attended and at which they had not showed up. After much desultory discussion a roll call was ordered on Alderman Fogelstrom's resolution directing the city attorney to prepare papers for an injunction suit. The aldermen all voted aye and the resolution was declared adopted.

Mayor Wise read a letter from the Western Port Huron Company, declining to send a man to demonstrate the abilities of the road roller unless the city would in writing state that such act should not affect the acceptance of the roller which it declared the city had already accepted. This brought forth another long discussion in which the new city attorney sought to be enlightened in the matter and the letter was turned over to him along with other papers in the matter.

The street curb lines in the First and Fifth wards were established, being 17 1/2 feet from the center line except on South Seventh street, between Laurel and Norwood, where they were fixed at 27 1/2 feet from the center line. Polling places for the special election were fixed as follows: First ward, Gardner building, 418 South Sixth street. Second ward, Congdon's paint shop, 617 Main street. Third ward, hose house. Fourth ward, hose house. Fifth ward, 307 Sixth street. Council then adjourned.

A Grand Family Medicine

"It gives me pleasure to speak a good word for Electric Bitters," writes Mr. Frank Conlan of No. 436 Houston St., New York. "It's a grand family medicine for dyspepsia and liver complications; while for lame back and weak kidneys it cannot be too highly recommended." Electric Bitters regulate the digestive functions, purify the blood, and impart renewed vigor and vitality to the weak and debilitated of both sexes. Sold under guarantee at H. P. Dunn's drug store. 50c. tts
